

## Quick Facts:

Duration: 3 years  
Funding Amount: Full course fees plus EUR 60.124,20 (3 years) pre-tax  
Level of Study: PhD Programme  
Positions: 6 studentships  
Regions: European and Third Countries citizens

### How to Apply

Applicants must complete and submit the following documentation by the deadline. Applications received after the deadline will not be accepted. The documentation to be submitted:

- Covering Letter;
- At least a Reference Letter from an academics with whom the candidate has already carried on research activity;
- Research Proposal – (no more than 2500 words including an abstract of no more than 150 words) – the proposal should provide details of the academic rationale for the research and the proposed research strategy. It is suggested to use the following four headings in the research proposal: 1. Aims and purpose of the research, 2. Overview of the academic literature relevant to own field, 3. Proposed Methodology, 4. Expected results;
- CV.

The application form, covering letter, research proposal, reference letter and CV, should all be submitted as an emailed attachment to [scuoladottorato@unirc.it](mailto:scuoladottorato@unirc.it).

### Eligibility

Academic Criteria: Candidates should hold a Masters degree at the date of the application. Citizenship: Studentships are open to all European and not European candidates of any nationality without restrictions.

Language: English.

*Special requirement:* TOEFL with a score of 79-80 is required. The candidate who has not this certification must commit himself to acquire it within the first year of attendance.

### Topics on which the competition's admission will deal with:

Urban regeneration, urban design, urban systems, development policy, enterprises and local development, organization of business activities, access to credit for a new entrepreneurship's development, public private partnership, community led approach, financial and economic evaluation of urban transformations initiatives. Sustainability of interventions related to urban transformations also through the analysis of the built environment.

Application Deadline: September 2014

### STUDENTSHIP INFORMATION

The IDP Urban Regeneration and Economic Development has up to six full time PhD studentships available to start in November 2014.

Applications are encouraged from planners, economists, political scientists, urban designers, civil and transportation engineers, human geographers and other social and environmental scientists.

Applicants are also encouraged to contact any prospective supervisors prior to making an application (IDP Urban Regeneration Faculty staff ([http://www.cluds-7fp.unirc.it/faculty\\_staff\\_3th.php](http://www.cluds-7fp.unirc.it/faculty_staff_3th.php)).

The awards will provide funding for the three years of a PhD, and assumes that the applicant will already have had research training from an MSc degree.
